## Developing learners' potential in a changing world

We believe every child is unique. Through best practice education, we provide meaningful and enjoyable learning to develop your child's full potential.

# WELCOME TO SEKOLAH PILAR INDONESIA

Established in 2005, we have been providing prominent educational experience and building an effective learning environment, to promote lifelong learning.

Sekolah Pilar Indonesia aims to develop each child's true potential through meaningful and enjoyable learning. We provide opportunities for students to explore their talents and interests, as well as to grow intellectually and emotionally. We are also an inclusive school that provides equal opportunities for all children, including children with special needs, to grow and thrive.

Sekolah Pilar Indonesia integrates the national curriculum with the best of international curricula. We have received "A" accreditation from Badan Akreditasi Nasional Sekolah/Madrasah and are an International Baccalaureate World School, eligible to conduct the Primary Years Programme.

We support and encourage students to have international perspectives, but also awareness of their identity and culture. It is our passion to witness the students grow into well-rounded, compassionate and competent individuals, who contribute actively to the world.

## VISION AND MISSION

### Vision

Be an outstanding school with an Indonesian cultural identity by providing an effective learning environment that enables students to be:

**INDEPENDENT, HIGHLY PRINCIPLED and to APPRECIATE DIVERSITY**

### Mission

- To prepare students to become intellectuals and responsible citizens
- To provide an effective educational environment
- To preserve own culture through the learning process

## PROGRAMMES

For this academic year, we offer four programmes

### EARLY CHILDHOOD CENTRE

Toddler  
Pre-Kindergarten  
Kindergarten  
Reception

In ECC we emphasize on creating child-centred environments that encourage learning through play, exploration and discovery.

### PRIMARY SCHOOL

Grades 1 - 6

In Primary, we emphasize on the total growth of the developing child, touching hearts as well as minds and encompassing social, physical, emotional and cultural needs in addition to academic development.

### JUNIOR HIGH SCHOOL

Grades 7 - 9

In Junior High, we emphasize on helping students develop the knowledge, understanding, attitudes and skills necessary to participate actively and responsibly in a changing world.

### SENIOR HIGH SCHOOL

Grades 10 -12

In Senior High, we prepare the students to enter the best national and international universities and to achieve success in their chosen endeavours.

\*At ECC and Primary, we are authorised to conduct the International Baccalaureate – Primary Years Programme (IB-PYP) learning framework.
